

Section 2: Health and Safety

11. Safety Checks

At **CHIGWELL AND HAINAULT SYNAGOGUE NURSERY** we make sure the nursery is a safe environment for children, parents, staff and visitors by carrying out safety checks on a regular basis in accordance with the timescales set out in the nursery checklists. These include daily checks of the premises, indoors and outdoors, and all equipment and resources before the children access any of the areas. The checks are recorded to show any issues and solutions.

This policy should be read in conjunction with the fire safety, risk assessments, visits and outings and the equipment and resources policies.

All staff should be aware of potential hazards in the nursery environment and monitor safety at all times.

Risk assessments

Risk assessments document the hazard, who could be harmed, any further action needed to control the risk, when/how often will the action be undertaken, and how will this be monitored and checked and by whom.

The nursery carries out written risk assessments at least annually. These are regularly reviewed and cover potential risks to children, staff and visitors at the nursery. When circumstances change in the nursery, e.g. a significant piece of equipment is introduced; we review our current risk assessment or conduct a new risk assessment dependent on the nature of this change.

All staff are trained in the risk assessment process to ensure understanding and compliance.

All outings away from the nursery are individually risk assessed. For more details refer to the visits and outings policy.

Electrical equipment

All electrical cables are kept out of the reach of children wherever possible and shielded by furniture where they need to be at floor level

- Electrical sockets are all risk assessed and any appropriate safety measures are in place to ensure the safety of the children.

Mains information Locations of:

- Water stop tap: **boiler cupboard**
- Gas point: **boiler cupboard**
- Fuse box: **Electric cupboard in cloakroom**
- Main electricity box: **Electric cupboard in cloakroom**

Dangerous substances

All dangerous substances including chemicals **MUST** be kept in locked areas out of children's reach. All substances must be kept in their original containers with their original labels attached. Safety Data Sheets (Control of Substances Hazardous to Health (COSHH)) and risk assessments must be kept for all substances and the appropriate personal protection taken and used e.g. gloves, apron and goggles.

Hot drinks and food

Food must be labelled kosher.

Hot drinks must only be consumed in the kitchen. No canned drinks, sweets or crisps are to be kept or consumed in the nursery rooms.

Transport and outings

The nursery has a comprehensive documented policy relating to outings, which incorporates all aspects of health and safety procedures including the arrangements for transporting and the supervision of children when away from the nursery.

Room temperatures

- Staff should be aware of room temperatures in the nursery and should ensure that they are suitable at all times. There is a thermometer in each room to ensure this is monitored
- Staff must always be aware of the dangers of young children being too warm or too cold
- Temperatures should not fall below 16C in all areas

Water supplies

- Fresh drinking water is available and accessible to all children, staff and visitors

Gas appliances

- All gas appliances are checked annually by a registered Gas Safety Register engineer. However this is served in the main kitchen and not accessible to children and visitors at any time.
- Carbon monoxide detectors are fitted.
